

Senior Financial Analyst

About Us

DWH is a group of highly accomplished financial and business professionals helping closely-held businesses maximize value, opportunities, and outcomes. DWH provides clients with advanced assessment protocols, decision-making support and implementation tools in situations requiring business and financial advisory services, including ownership transition and succession planning, and turnaround and restructure.

DWH's distinctive philosophy of maximizing value for all stakeholders leads to outcomes that benefit not only business owners but employees, vendors, lenders, and entire communities.

The Senior Financial Analyst works closely with DWH staff and clients to develop and implement financial models, cash flow forecasts, and other reporting to support critical business decisions and analysis.

Job Description

- Work with DWH staff and clients to determine business reporting or modeling needs and sources of data required to create these reports or models.
- Develop advanced financial modeling including profitability analysis, cash flow forecasts, budgets, and financial dashboards.
- Maintain, upgrade and/or create spreadsheets used for data analytics, developing new approaches to format data and create new spreadsheets to load, retrieve and view already loaded data.
- Utilize advanced data-mining, programming and editing skills to extract data from databases to create accurate and timely reporting.
- Train DWH staff and clients on how to update models and interpret data.
- Other duties and tasks as assigned.

Qualifications/ Experience

- Programming experience. Visual Basic for Applications (VBA) preferred.
- Advanced knowledge of Microsoft Excel, including data tables, pivot tables, general database manipulation, spreadsheet security and data integrity measures.
- Exceptional written and verbal communication skills.
- Able to work with a wide range of clients and computer systems to find solutions to complex business problems.
- Ability to rapidly adapt to changing business objectives.
- Ability to work, partner, and lead cross functionally.
- Able to deliver results in a dynamic environment with a commitment to deadlines.

- Knowledge and understanding of Accounting Principles.
- Willing to travel and work remotely when required.

Job Type: Full-time
